

May 16, 1968

The Honorable Richard J. Hughes
Governor of State of New Jersey
State House
Trenton, New Jersey

Dear Governor Hughes:

I took note of your concern that the issue of state aid on urban problems might be resolved by May 27, the date of our rally, and have stressed the importance of writing to legislators, as you will see from the attached leaflet. The latter is being distributed selectively by mail to 15,000 residents of New Jersey through statewide organizations and the three major religious faiths.

Those receiving the leaflet will tend to be civic activists, and I expect it to result in a large outpouring of mail to legislators, in addition to a great representation at the rally.

Sincerely,

Ernest Erber, Coordinator
